The North African Journal of Food and Nutrition Research

Contents

Volume 9; Special Issue, Potential of food by-products 2025

Editorial

- **Editorial: From What Is Left Behind to What Comes Next: Rethinking Food By-Products as Resources**
  Chentir, I., Khaled, M., B.
  https://doi.org/10.51745/najfnr.9.SI.S115-S118

Original Articles

- **Traditional Tunisian Pasta "Nwasser" Enriched with Wheat Bran: Impact on Physicochemical Quality, Nutritional Profile, and Acute Post-Prandial Glycemic Response in Healthy Individuals**
  Debbabi, H., Ben Farhat, S., Jribi, S., Sfayhi-Terras, D.
  https://doi.org/10.51745/najfnr.9.SI.S25-S39
- **Acid-Induced Gelation of European Eel Protein Isolate Fortified with Fish Oil: Enhancement of Physicochemical, Microstructural and Thermal Properties**
  Taktak, W., Affes, S., Hamdi, M., Li, S., Nasri, M., Nasri, R., Karra Chaabouni, M.
  https://doi.org/10.51745/najfnr.9.SI.S40-S49
- **Biochemical, Phytochemical, and Antioxidant Characterization of Sweet Orange (*Citrus Sinensis*) Processing By-Products from Côte d'Ivoire**
  Disseka, W. K., N'gbo, M. L. K., Kouamé, I. A., Sidibe, A., Assanvo, B. J.-A., Faulet-Ahonzo, M. B.
  https://doi.org/10.51745/najfnr.9.SI.S63-S76
- **Valorization and Optimization of Agro-Food By-Products from Punica granatum Bark and Juglans regia Husk Combined with Syzygium aromaticum for Enhanced Antioxidant and Anti-Inflammatory Activities: A D-Optimal Mixture Design Approach**
  Takka, M., Dairi, S., Zeghichi-Hamri, S., Aoun, O., Kadri, N., Brahmi-Chendouh N., Ladjouze B., Bouallag O., Adel K., Duarte N., Madani K. & Boulekbache L.
  https://doi.org/10.51745/najfnr.9.SI.S98-S114

Review Articles

- **Olive Stone as a Sustainable Agricultural By-Product: Valorization Pathways and Prospects in Food and Feed Industries**
  Mumcu, A., Deliboran, A
  https://doi.org/10.51745/najfnr.9.SI.S1-S17
- **Natural Pectin Sources, Extraction Methods, Chemical Composition, and Emerging Applications in Food Systems: A Systematic Review**
  Ngani, P., Manditsera, F. A., Macheka, L.
  https://doi.org/10.51745/najfnr.9.SI.S50-S62
- **Valorization of Food By-Products Employing Spectroscopic and Chemical Methods: Characterization and Applications of Functional Biomolecules**
  Ridouh, A.
  https://doi.org/10.51745/najfnr.9.SI.S77-S97

Viewpoint

- **Contribution of Academic End-of-Studies Projects to the Startup Initiative Adopted by the Ministry of Higher Education and Scientific Research: The Case of the Valorization of Agri-Food Industry By-Products in Algeria**
  Saci, A., Gharbi, S.
  https://doi.org/10.51745/najfnr.9.SI.s18-s24
