

Contents

Volume 9; Special Issue, Potential of food by-products 2025

Editorial

- **Editorial: From What Is Left Behind to What Comes Next: Rethinking Food By-Products as Resources**
Chentir, I., Khaled, M., B.
<https://doi.org/10.51745/najfmr.9.SI.S98-S100>

Original Articles

- **Traditional Tunisian Pasta "Nwasser" Enriched with Wheat Bran: Impact on Physicochemical Quality, Nutritional Profile, and Acute Post-Prandial Glycemic Response in Healthy Individuals**
Debbabi, H., Ben Farhat, S., Jribi, S., Sfayhi-Terras, D.
<https://doi.org/10.51745/najfmr.9.SI.S25-S39>
- **Acid-Induced Gelation of European Eel Protein Isolate Fortified with Fish Oil: Enhancement of Physicochemical, Microstructural and Thermal Properties**
Taktak, W., Affes, S., Hamdi, M., Li, S., Nasri, M., Nasri, R., Karra Chaabouni, M.
<https://doi.org/10.51745/najfmr.9.SI.S40-S49>
- **Biochemical, Phytochemical, and Antioxidant Characterization of Sweet Orange (*Citrus Sinensis*) Processing By-Products from Côte d'Ivoire**
Disseka, W. K., N'gbo, M. L. K., Kouamé, I. A., Sidibe, A., Assanvo, B. J.-A., Faulet-Ahonzon, M. B.
<https://doi.org/10.51745/najfmr.9.SI.S63-S76>

Review Articles

- **Olive Stone as a Sustainable Agricultural By-Product: Valorization Pathways and Prospects in Food and Feed Industries**
Mumcu, A., Deliboran, A.
<https://doi.org/10.51745/najfmr.9.SI.S1-S17>
- **Natural Pectin Sources, Extraction Methods, Chemical Composition, and Emerging Applications in Food Systems: A Systematic Review**
Ngani, P., Manditsera, F. A., Macheka, L.
<https://doi.org/10.51745/najfmr.9.SI.S50-S62>
- **Valorization of Food By-Products Employing Spectroscopic and Chemical Methods: Characterization and Applications of Functional Biomolecules**
Ridoub, A.
<https://doi.org/10.51745/najfmr.9.SI.S77-S97>

Viewpoint

- **Contribution of Academic End-of-Studies Projects to the Startup Initiative Adopted by the Ministry of Higher Education and Scientific Research: The Case of the Valorization of Agri-Food Industry By-Products in Algeria**
Saci, A., Gharbi, S.
<https://doi.org/10.51745/najfmr.9.SI.s18-s24>
